### GREENING OF THE BROADWAY TUNNEL

You may have noticed that construction has started on the median on Broadway between Polk and Larkin. The work will continue east to the Broadway Tunnel entrance. The reconstructed median will accommodate the planting of trees, shrubs and groundcover and will have drip irrigation. If there are no surprises deep beneath the road, Armstrong maple trees will be planted.

We do not have a project schedule at this time, but are very glad that the work has begun!
